Video Subtitling Services

Give us any movie, TV series or any other video recording, we Parikh Info Solutions Pvt. Ltd. will subtitle it. If you have a pre-approved script, we can also time-code it to the video. We deal with all video formats. We paraphrase the captions so that they provide meaningful dialogues within the 'time constraint'. A thought-out adaptation of source language to the target language is carried out considering the cultural differences. Literal translation can result in addition of words from source to target languages. We make sure the viewer does not have to read far lines to understand the content. To maintain the translation quality of subtitles all the captions go through proof-readers. The text is then placed in the video making sure it does not hinder the video or disturb it. Parikh Info Solutions Pvt. Ltd. is a cost-effective and reliable solution for your subtitling needs. We take special care of your deadlines to deliver the best results. We believe in an efficient post-delivery service making sure all your concerns are satisfied.
