Experience

IT OFFSHORE CSS TROUBLE SHOOTER 2 YRS

I have got chance to work with .NET, php and java developer guys and most of the time was busy on css troubleshooting on several projects for browser compatibility.

Technically what I have learnt , it does not matter but I have learn good communication/co-ordination with project manager as well as programmer staying in office for overtime was normal due to the project deadlines

CROSSOVER FRONTEND DEVELOPERS 2 YRS

Here, in this office I have get good opportunity to work with national clients as well as outsource project from France. I have worked on JOOMLA CMS framework and smarty official framework . As a senior designer, I have got chance to lead my jounior guys for html/css and design technique. Warmly and friendly relation with boss and followers was my major activement.

FREELANCE FRONTEND AND THEME DEVELOPER 6 YRS

Worked as a freelancer, I have got opportunity to communicate with direct clients and their behaviour. Making happy to my clients is my major moto. It does not matter what I fell and on my design but it does matter what clients feel. In freelancing life I realize that clients shows themself superman and have to treat them as like a baby.

OLIVE MEDIA SR. FRONTEND DEVELOPER 8 MONTHS

This office is from london based head office. Here, I am working as a Sr. Frontend Developer, and specially I was hired for Javascript Developer and working with the tool of GitHub, Jira, Web-pac, Hip-Chat, Vue JS, Java Script ES6, CSS4

TECHNICAL QUALIFICATION

HTML5, CSS3, Java Script ES6/7/8, JQuery, SCSS, HTML Slicing, Mokeup Design, Bootstrap

Good

Joomla CMS Framework, Wordpress, Magento, Prestashop, Foundation, Vue JS, Flash, Index DB

Knowledge

PHP, MYSQL, Action Script 3.0, Angular, React JS, Grunt, Webpack

Portfolio

Pokhara Mountain Bike Adventure

This is travel and tour company website design with the look and feel of travel and tour web site design is developed on custome php and bootstrap framework.

URL : <http://www.nepalmountainbike.com>

Metro News

Metro news is based on wordpress with foundation css framework with SCSS technology, design is responsive at all. Theme is standard according to the wordpress themes and condition.

URL : <https://wp.pukhu.com/metro-news>

Kathmandu

Kathmandu is bootstrap backoffice design for all web application. Here, I have used high chart.js, font awesome, grunt, bower, scss, bootstrap.

URL : <https://pukhu.com/demo/kathmandu/dashboard.html>

Decorative

Design is in dark with shiny look and feel . Themes is Prestashop E-Commerce framework with browser/device compatibility.

URL : <http://pukhu.com/demo/decorative>

Magic Select Box

It is native javascript for better UI for default Select Box. It is pretty easy to implement select box on own UI without any dependancy with other JS Framework.

URL : <https://github.com/hirakumar/Magic-Select-Box>

DevilThemes

It is the Theme Gallery of Prestashop where, I have listed all design . In freelancing time I have developed some highlight designs . Most of the design is in Prestashop, Bootstrap, SCSS technology . After couple of months, I am going to close this website forever.
