Hi Martin,

This email is to provide some quick feedback regarding the services you provide us as a representative of Amvik.

In summary, we are extremely pleased with the follow-up, attention to detail, timeliness of responding, accessibility, and clarity of communication that we receive from you. We appreciate your patience and your cooperative attitude as well. We also appreciate that you have been diligently resubmitting and following up on past unpaid claims and that you have been keeping us updated on the status of those. Thank-you for helping us to receive reimbursement for all our hard work with clients, which obviously helps keep our company financially healthy.

We ask that you please let us know if you become aware of any errors we make on WebABA authorization entry or if we should enter things in a different way. We would like to be as accurate as possible and make sure we are not causing more work or causing claims to be resubmitted due to the way we have entered something.

I sincerely hope we continue to work together for a long time.

Thanks again,

Lynn
