

ABOUT ME

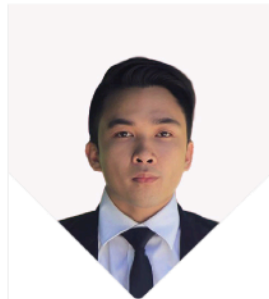

ABSTRACT

Experience taught me how to create friendly user interface and to do "research about user experience as well. I'm presently expanding my solid experience in UI / UX design. I focus on using my interpersonal skills to build good user experience and create a strong interest in my design. As an individual, Enthusiastic person who gives his all in every tasks. Good communication skill, quick to adapt, critical thinking skills, Highly interested with computer information and technology, deeply passionate about graphic design. I'm self-confident you'll find me creative, funny and naturally passionate. I'm a forward thinker, which others may find inspiring when working as a team.

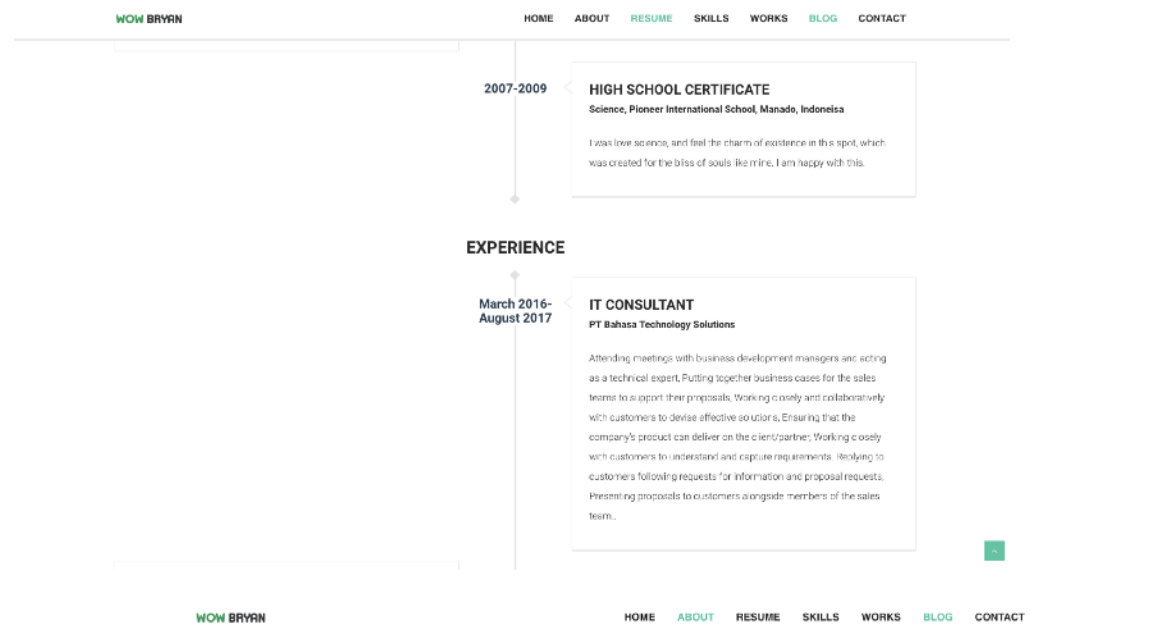

WHAT I DO ?

I have been working as a graphic designer since 2012. I have a love flat design, elegant styling, and I have lots of experience in the production of advertising. I learn deep into user interface in 2015 and have basic of HTML5 and CSS3 for modern websites. clients requirement is my priority. I think user experience when I try to craft something for my clients. Making a design awesome.
